

7th Music Podcasts

**ALWAYS LOG IN
AS:
student
student**

1. Select your movie clip from the Movie Folder.
2. Open GB and select New Podcast Episode
3. Name your file with your last names and the title of the clip ie.

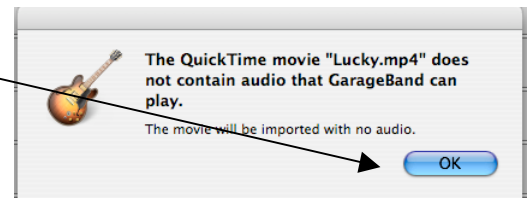

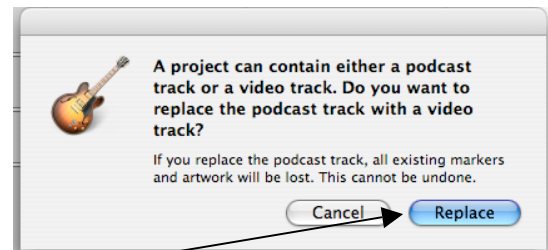

Fortman.Redlawsk.Graveyard

saving to the desktop.

4. Select Movies in the Media browser
5. Find your clip and drag it to the podcast track

The following two windows will appear:

**Click Replace
Click OK**

6. Select the Male, Female, Radio and Jingles voice tracks and delete by selecting "delete" under the TRACK menu. Do not add any voice to your film.
7. Add loops from both Podcast and Music:

8. Try Mood

When you are finished, under the SHARE menu, select EXPORT MOVIE TO DISK. This will take a few minutes to compress. BE PATIENT.

Drag your Fortman.Redlawsk.Graveyard.mov

to the COMPLETED WORK Folder in the Documents folder.

Enjoy!
